2. INTRODUCTION

This **Market Data B3 Commercial Policy** should be read in conjunction with the **Market Data B3 Consumption Policy** and the **Periodical Self-Report Submission Manual**. Capitalized terms contained in and not otherwise defined in this **Market Data B3 Commercial Policy** shall have the same meanings as in the **Market Data B3 Consumption Policy**.

This document lists the **Market Data B3** products available for licensing and their **pricing** policy.

The rates listed in this **Market Data B3 Commercial Policy** apply per **User**, per unit of count, per month, per ***Dataset***, unless otherwise noted, and are invoiced monthly in arrears.

If the **Distributor**, **Redistributor** or **Reporting User** makes corrections to **the Periodical Self-Reports** already submitted to **B3**, any payment adjustments, as applicable, will be made considering the prices valid in the month of correction, without the application of discounts that may have been applicable at the time of the original report or in the month of correction.

2.1. National Licenses and Applications

The fees related to licenses and applications consumed by **National Users** are expressed in Reais (BRL).

The BRL tariffs contained in this Market Data B3 Commercial Policy will be subject to monetary adjustment, being adjusted annually, as of January 1 of each year, by the Extended National Consumer Price Index (IPCA) accumulated in the twelve (12) months accumulated until June of the year prior to the effective date (therefore, from July to June).

In the event of extinction, discontinuity or unavailability of the IPCA, another official index will be adopted as a substitute index to replace it, according to the criteria defined by the Central Bank of Brazil or competent authority.

2.2. International Licenses and Applications

Fees for licenses and applications consumed by **International Users** are expressed in U.S. Dollars (USD).

INFORMAÇÃO CONFIDENCIAL – CONFIDENTIAL INFORMATION

Fees in USD will be converted to BRL using the reference exchange rate calculated daily by the Central Bank of Brazil – PTAX Venda ("**PTAX**") valid for the last day of the month of use of the Data contained in Market Data B3.

If the **Distributor**, **Redistributor** or **Reporting User** corrects the information in the past **Periodical Self-Report**, the **PTAX** rate used to calculate the amount to be debited or credited will be valid for the last day of the month prior to the month in which the correction is made, and the conversion rate of the month of use is not applicable.

The tariffs in USD contained in this **Market Data B3 Commercial Policy** will be subject to monetary adjustment, being adjusted annually, effective as of January 1 of each year, by the *Consumer Price Index* ("**CPI**") accumulated in the 12 (twelve) months accumulated until June of the year prior to the year in force (therefore, from July to June).

In the event of extinction, discontinuance or unavailability of the **CPI**, another official index will be adopted as a substitute index to replace it, according to the criteria defined by **B3**, observing the principles of good faith.

2.3. Non-Display Applications with Enterprise Purpose

When electing to report the **Non-Display** fee for **Trading Applications** and **Non-Trading Applications**, the **Reporting User** will only inform this option and should not report the **Trading Applications** and **Non-Trading Applications** of the same **Location** individually.

In this case, each **Location** where the **Non-Display Application** of a given *Dataset* is consumed should be reported as an individual **Enterprise**.

2.4. Changes to the Market Data B3 Commercial Policy

In addition to the correction of prices by inflation indexes, **B3** reserves the right to change the rates contained in this **Market Data B3 Commercial Policy** at any time, at its sole discretion and upon prior notice, respecting the terms and conditions established in the **Market Data B3 Consumption Policy**.

Any price change will be disclosed by updating this **Market Data B3 Commercial Policy**.

B3, at its sole discretion, may grant discounts and exemptions.

3. REPORTING PROCEDURE

Without prejudice to the rules established in the **Market Data B3 Consumption Policy** and the **Periodical Self-Report Submission Manual**, it is worth mentioning:

3.1. Consumption, Reporting and Billing Cycle of Market Data B3

The consumption of the **Data Contained in Market Data B3** is calculated monthly through the submission of the **Periodical Self-Report** during the reporting period, that begins on the 1st (first) and ends on the 15th (fifteenth) da y of the month following the month of consumption, or on the next business day if the 15th day is not a business day.

B3 processes the submitted **Periodical Self-Report** in accordance with the tables and rules in effect under this **Market Data B3 Commercial Policy**, for purposes of calculating the fees due for **Licenses** and **Consumption Applications**, as well as any fines, penalties and adjustments, including those resulting from corrections or delayed submission of previous **Periodical Self-Reports**, made by the **User** before the end of the current reporting period.

Invoices referring to reported consumption will be issued by **B3** with maturity, as a rule, on the 15th (fifteenth) day of the second month following the month of consumption or the next business day when this date is not a business day.

Example:

The **Data contained in Market Data B3** consumed by the **User** during the month of January will be reported by him in the reporting period that runs from February 1st to 15th. **B3** processes the information reported by calculating the amount owed by the **User** and issues an invoice due on March 15.

3.2. How to submit the Periodical Self-Report

Distributors, **Redistributors**, **PSGs** and **Reporting Users** must submit the **Periodical Self-Report**, by themselves and by the institutions that indicate in their **Utilization Group**, subject to the definitions and obligations set forth in the **Market Data B3 Consumption Policy** and in **the Periodical Self-Report Submission Manual**.

For more details on how to submit the **Periodical Self-Report** as of the beginning of the effectiveness of the **Market Data B3 Consumption Policy** and this **Market**

INFORMAÇÃO CONFIDENCIAL – CONFIDENTIAL INFORMATION

Data B3 Commercial Policy, the **Reporting User** should consult the **Periodical Self-Report Submission Manual**.

3.3. Reporting of Operations Professionals Applications

The **Operations Professional**, as defined in the **Market Data B3 Consumption Policy,** is the individual necessarily linked to **B3 Trading Participants** who have **Licenses** contracted with **B3**, and uses **the Professional Terminal** exclusively to perform the function of desk operator or financial advisor in the intermediation of capital market operations.

To be *entitled* to the differentiated price, this **B3 Trading Participant** holding a **License** for **Internal Use** or **Distribution** must:

a) If the **Operations Professional Terminal** is its own technological solution, report it in its **Periodical Self-Report** for **Internal Use** linking the document of the **Operations Professional** who uses the **Consumption Applications** in **the Periodical Self-Report**;

b) If the **B3's Participant** is a sponsor of a **Trading Professional Terminal** offered by a third party, it must request this third-party holder of a **Distribution License** to report this **Trading Professional Terminal** in its **Periodical Self- Report of Non-Reporting User,** necessarily linking it to **B3's Participant**, the **License** holder as the sponsor of the **Consumption Applications**; and

c) In all cases, keep the registration of this **Operations Professional** updated in the database indicated in the **Periodical Self-Report Submission Manual**.

Failure to comply with any of these requirements will lead to the conversion **of this Consumption Application** from **an Operations Professional Terminal** to **a Professional Terminal** by **B3**, and this fee will be applied in the calculation of the amount due.

3.4. Report of Technology Professionals Applications

The **Technology Professional**, as defined in the **Market Data B3 Consumption Policy,** is the individual necessarily hired by an institution that holds an **Internal Use** or **Real-Time Data Distribution License**, regardless of whether it uses its own or third-party technology solution, which uses **Market Data B3** via **Professional Terminal** exclusively to (i) develop and test systems (software and

INFORMAÇÃO CONFIDENCIAL – CONFIDENTIAL INFORMATION

hardware), and (ii) provide technical support and technical assistance, being prohibited to act in activities related to trading, such as, but not limited to, the design, modeling, development and maintenance of algorithms, the sending of orders, as well as recommendations, elaboration of strategies or trading ideas for your institution or for clients.

To be *entitled* to the differentiated price, this holder of an **Internal Use** or **Distribution License** must:

a) Regardless of whether the **Technology Professional Terminal** is your own technological solution or that of a third party, report it in your **Periodical Self-Report** for **Internal Use,** linking the document of the **Technology Professional** who uses the **Consumption Applications** in **the Periodical Self-Report,** as many times as there are technological solutions by this **Technology Professional** used, pointing out the solution provider in the **ID/Platform field**; and

b) If you are a sponsor of a **Technology Professional Terminal** offered by a third party, you must also request this third-party **Distribution License** holder to report this **Technology Professional Terminal** in its **Periodical Non-Reporting User Report,** necessarily binding you to the **License** holder as a sponsor of the **Consumption Applications**.

If any of these requirements are not met, **B3** will convert this **Consumption Application** from **a Technology Professional Terminal** to a **Professional Terminal**, and this fee will be applied in the calculation of the amount due.

If the indicated **Technology Professional** appears as an **Operations Professional** in the database indicated in **the Periodical Self-Report Submission Manual**, **B3** will convert this **Consumption Applications** from a **Technology Professional Terminal** to a **Professional Operations Terminal.**

The report mentioned in item "b" above does not generate a charge to the third party.

B3 will charge only once per ***Dataset*** each **indicated Technology Professional**, regardless of the number of technological solutions used by him/her, and the sum of these **Consumption Applications** will be limited to the amount defined in the price list.
